

## Get ready for the #ClickDC celebration of photography

This June, photography organizations, clubs, collectives and galleries across the D.C. Metro area will join together to host talks, workshops, photo walks, exhibits and other events that shine a spotlight on the area's diverse, vibrant and growing photographic arts community.

We need your help to make Click DC the biggest and best grassroots photography celebration the area has ever seen.

### HOW TO GET INVOLVED

- Host a photography-related event in June
- Promote your event as part of the Click DC celebration
- Spread the word – tell your networks about Click DC

That's it. There's no fee to participate. We'll work with you to promote your event and bring attention to what your organization is doing for the photography community by:

- Highlighting your event on our website, [ClickDC.org](http://ClickDC.org)
- Getting the word out on our mailing lists, social media and paid advertising
- Mentioning your event in promotional materials and press releases

We believe that, together, we can showcase the power of photography to entertain, enlighten and inspire.

For more information, contact

- Joe Newman: [joe@focusonthehistory.org](mailto:joe@focusonthehistory.org)
- Katie Dance: [stopmotiondc@gmail.com](mailto:stopmotiondc@gmail.com)

Click DC is a program of Focus on the Story, a nonprofit that supports visual storytelling.
